

# OUR OPEN DAY IS ALL ABOUT YOU!

Register for the 30 minute sessions you would like to attend under the eventbrite **'registration information'** page, where you will be asked to tick the timetabled course sessions to suit you.

If there are any clashes please email [jaimie.sapsford@petroc.ac.uk](mailto:jaimie.sapsford@petroc.ac.uk). It will be stated below if sessions are expected to last more than 30 minutes.

SESSION TITLE	OVERVIEW	TIMES				
		10.15-10.45	11.00-11.30	11.45-12.15	12.30-13.00	13.15-13.45
<b>BRANNAMS UNIVERSITY CAMPUS</b>						
<b>All About Construction: Drop-in for Information &amp; Activities</b> <a href="#">Brannams Construction Workshop</a>	You will have the opportunity to take part in hands-on experience in brick/block laying and rendering. We'll also be offering tours of the workshop facilities and the apprentices' bungalow project. There will be talks about full-time programmes running at Brannams and possible progression routes. We'll also be talking to employers about the NVQ for apprentices.	All day drop in				
<b>Live Sound Workshop</b> <a href="#">The Factory</a>	If you are interested in live sound, then try our live sound workshop with one of our subject tutors who will guide you through the process of working with a band in our live music performance venue. This will include some setting up, looking at different microphones as well as mixing a band live					
<b>Performance Workshop</b> <a href="#">The Factory</a>	Try your hand at our performance workshop where you will learn the skills that are required to be a session performer. You will show your musical skills by learning a timeless classic chosen by our subject tutors. They will guide you through the learning process, exploring the different chords, scales and stylistic techniques that are required to be a session performer. You will then perform your song, as a band in our bespoke 800 capacity music venue!					
<b>Sequencing Workshop</b> <a href="#">The Factory</a>	If Music production is for you then have a go at our music sequencing workshop. This will cover the basics of inputting and editing MIDI data, using loops as well as putting together a small arrangement. For this workshop it would be advisable to bring your own headphones (although headphones can be provided).
