

Learner Rights and Responsibilities Policy 2018/19

Introduction

1.1 The College believes that effective learning and teaching is best achieved in a supportive, ordered and mutually respectful environment where indiscipline is at a minimum. Every student and every member of staff has the right to such an environment as well as bearing individual responsibility for contributing to its maintenance. Such an environment contributes to a shared sense of security and safety in which each individual is free to strive to do their best and achieve their aims. All staff have a responsibility to promote and maintain this supportive, ordered and respectful culture.

2. Purpose of the Policy

2.1 The aim of this policy is to ensure the provision of such an environment, to support the learning process and to promote acceptable conduct at all times. The policy seeks to ensure that student discipline is maintained in a manner that promotes fair and equitable treatment of all students and provides support to all members of staff. It should be read in conjunction with the accompanying set of procedures.

3. General Principles

3.1 Petroc expects students to adhere to a high standard of behaviour during their time at the College and will provide support to ensure they are fully aware of their responsibilities.

3.2 All learners will be made aware of their responsibilities and the College's expectations of them as part of their induction through discussion of:

- Student Code of Conduct
- Disciplinary Procedure

3.3 The College seeks to achieve and maintain this supportive, ordered and respectful culture by:

- Providing students and staff with a safe, secure and respectful environment in which to work
- Promoting positive behaviour as a way of supporting student progress towards reaching their potential. In cases where support for students is unsuccessful, this might involve applying appropriate sanctions to protect the interests and learning of all concerned.

- Creating an environment in which all people and property are respected and everyone is encouraged to take responsibility for their own behaviour.
- Considering the educational value of the individual student(s) involved in a case or incident, and for other students at the College, of disciplinary procedures taken.
- Embedding and communicating to staff, college expectations and standards in terms of students work and behaviour.
- Establishing a consistent approach to managing unacceptable behaviour that is used in a fair and equitable manner by all staff.
- Applying sanctions fairly, consistently, proportionately and reasonably – taking into account students with learning difficulties and/or disability and the needs of vulnerable and/or learners at risk and offering support as appropriate.

4. Definition of Unacceptable Conduct leading to Disciplinary Action

- 4.1 Any academic or non-academic conduct which adversely interferes with teaching and learning, is disrespectful to other members of Petroc's College community or property breaches the Code of Conduct - see Code of Conduct.
- 4.2 Where breaches of discipline occur such as failure to comply with the Code of Conduct or any incident of academic misconduct, the Disciplinary procedure will be used - see Disciplinary Procedure

5. Responsibilities for Implementing this Policy

- Vice Principal Quality, Curriculum and Learners, along with the Executive Management Team, has overall responsibility for the implementation of this policy across the College
- Assistant Principals/Department Managers are responsible for overseeing the operation of this policy in the Departments

Student Code of Conduct

Working and Learning

As a student at Petroc College of Further and Higher Education, you are expected to demonstrate you are able to work in a professional manner developing employability and social skills for a successful future:

- **Be punctual, attend all sessions** as required by your individual timetable, including main programme, English, maths, tutorial, directed study and any other sessions as directed by the College. Good attendance and punctuality help towards academic attainment and preparation for the expectations of adult and working life. You are expected to maintain an **attendance level of 100%**. Understand that entry to exams and receiving any funding support requires regular attendance and satisfactory grades for your work. You may jeopardise your place on the course if your attendance falls below 90%.
- **Check your attendance records**, at least once a week, and alert your teacher if it is not accurate.
- **Be punctual for classes** and arrive with all the necessary equipment and materials.
- **Report your reason for any absences**. Students will be expected to report absences via Rooming and Registers on their Attendance Hotline on 01271 852441 (for North Devon students) and 01884 235309 (for Mid Devon students) to explain the reason for their absence. Understand that, the absence will still be recorded as an 'absence', and missed work will need to be done.
- **Be organised** and make good use of private study time. Work hard and to the best of your ability.
- **Accept responsibility for your own learning** and ask for help when you need it.
- **Meet all of your work deadlines** and make sure that the work you submit for assessment is your own.
- Ensure that you **observe classroom management** practice e.g. turn mobile phones off, do not use music players, do not eat in class, only drink bottled water. (Ensure that mobile 'phones are switched off or on silent during teaching-related activities unless you have permission from the class teacher to use it).
- **You should not take holidays in term time.**

- **Be polite, treat everyone with respect, in person and online.**
Avoid using inappropriate language which may offend others.
- **Ensure your lanyard is visible and you are in possession of your ID card,** show it when requested and do not allow anyone else to use your ID card. It is important each student keeps their own lanyard and ID card safe. You can obtain a temporary lanyard and ID card at reception if you have forgotten yours, or a new card can be sourced from the Learning Technologies and Library Services if it is lost. Failure, upon request, to provide a member of staff with your name and ID, could result in disciplinary action.
- **Follow the reasonable instructions** of any member of College staff.
- Respect the learning experience of others and **behave in a calm, responsible and orderly manner at all times.** We do not tolerate behaviour which endangers safety or disturbs other students' learning.
- **Respect the right of all individuals to be free of harassment of any kind, whether sexual, racial or otherwise** - do not engage in any type of bullying or harassment of any kind, including by text or online.
- **Not consume, or bring on to the College site, any alcohol, illegal substances or Psychoactive Substances (legal highs),** as this will lead to suspension and a disciplinary investigation and possible police involvement.
- Any **students found to be in possession of an offensive weapon will be removed from the College immediately** and where necessary, the Police will be involved.
- **Dress appropriately for College** which also means not wearing offensive slogans on your clothing. Wear appropriate uniform and Personal Protective Equipment, where advised.

We would ask that you abide by the Code of Conduct to ensure that you and your fellow students have an enjoyable experience at the college.

Grounds for appeal will normally be based on one or more of the following:

- o disciplinary procedure was not followed correctly and that this materially affected the decision
- o findings are inconsistent with the evidence considered
- o new evidence could materially alter the findings
- o disciplinary sanction is inconsistent
- o severity of the disciplinary action

If the Principal does not consider that there are valid grounds for appeal, the student will be informed of the reasons in writing. This will normally be done within 5 days of receiving the appeal.

If the Principal considers that there are valid grounds for appeal against the decision of the Panel, he/she will review the disciplinary case. The appeal does not automatically trigger a review meeting. However if an appeal meeting is warranted, it will normally be convened within 10 days. The student will normally be given at least 5 days' notice of the time and place of the appeal meeting and will be entitled to be accompanied by a friend, student representative or relative, but not by a legal or other professional adviser unless the College otherwise agrees, having been given notice before the day of the hearing.

The Principal may convene the panel that may include an Assistant Principal not involved in the specific disciplinary case. The panel may or may not include a relevant manager. In the absence of the Principal, another member of Executive Management Team will carry out Appeals.

Any documents considered at the original disciplinary meeting will be available for the purpose of the appeal, together with the notes of the conclusion.

At the appeal meeting, the student may be invited to explain the grounds of the appeal and to state their case. The Student Services Manager or Assistant Principal may be asked to respond to the appeal and explain the reasons for the original recommendation.

If the appeal is upheld following the review or the appeal meeting, the Principal may decide that a lesser sanction than that originally recommended should be taken, or that no further disciplinary action be taken.

If the appeal is dismissed, the recommendation of the original Disciplinary Panel will stand. The Principal may not impose any greater sanction against the student than that recommended by the Disciplinary Panel. A student who has appealed unsuccessfully should be informed of their right to appeal to the Funding Body.

Following the appeal meeting, the student will be informed of the decision in writing within 5 working days. The PA to the Principal is responsible for all administrative tasks in conjunction with appeals, including recording the outcome of the appeal.

When the student has exhausted the appeal procedure there is a right to make a complaint to the appropriate Funding Body. A complaint to the Funding Body is not a further stage of appeal. The Funding Body does not hear evidence or seek to substitute its own decision for that of the College. In considering a complaint, the Funding Body will undertake an enquiry to consider whether or not the College has followed its procedures.

14-16 Students

14-16 Students will have the same procedure applied with the attached school involved, or in the case of home educated students the parent/guardian/carer and the local authority will be informed and involved at all stages.
